

Celebrating John Calvin's Birthday

Presbyterian and other Reformed denominations point towards the reforms and theology of John Calvin as foundational to their history. Calvin was born in on July 10, 1509. St. Andrew Presbyterian Church invites you to take some time on the occasion of Calvin's 500th birthday to learn more about the man who has been called "The Dictator of Geneva" and who wrote these beautiful words to the hymn "I Greet Thee, Who My Sure Redeemer Art"

Thou hast the true and perfect gentleness,
No harshness hast Thou and no bitterness;
O grant to us the grace we find in Thee,
That we may dwell in perfect unity.

St. Andrew Presbyterian Church is glad to welcome the Rev. Dr. Donald McKim, Executive Editor for Theology and Reference for Westminster John Knox Press, to lead us in this quincennial celebration. In addition to editing numerous books on theology, the Rev. Dr. McKim has written several as well, including *Presbyterian Questions*, *Presbyterian Answers* and *Introducing the Reformed Tradition*. He will spend several days at SAPC helping us understand who John Calvin was and why we are still talking about him 500 years later.
